Skill Highlights

- Building a strong communication with peers.
- Making sure my duties are done in the correct order
- Always organized
- Fast and hardworking learner
- Always active in a work place
- Confident in my work
- Work under pressure

Summary

I am a dedicated person who does my work on time in a professional manner with full excitement. Recently, I completed my studies in Software Development which has the best interest of me. I enjoy coding and build my knowledge on various aspects of the IT field. I am a confident person who is passionate about my work and I enjoy working in groups. I can communicate well with peers around me and thrilled to work in a company that I can devote myself to and apply my skills as well as my abilities.
